Seppeltsfield 2020 Riesling

Winemaker: Fiona Donald

Grape(s): Riesling

GI: Clare Valley

Site(s): Estate holdings in Watervale, Clare Valley

Vintage notes: A dry growing season from start to finish. December and January saw above-average temperatures, but February cooled enough to allow a relaxed, though early, harvest.

Vineyard notes: Several sites, notably a vineyard planted to 80 year-old Geisenheim clone riesling. The free draining soils range from red brown earth over limestone, to dark brown clay loam over silt stone and slate, which give rise to characteristic mineral structure and mid palate richness. Elevations between 380-400m provide classic extended continental ripening season. Vines are detail pruned and shoot thinned for canopy management.

Winemaking: Hand-picked. Free-run juice is cool-fermented until dry in stainless steel, with a single SO2 addition made after fermentation. Brief aging on fine lees before bottling.

Closure: Stelvin

ABV: 12.5%

LEGEND tasting notes: Lifted notes of talc powder, lemon aspen (a floral native citrus), and fresh cut pink-lady apples. Grainy lemon wattleseed notes overlay an underlying skeletal backbone of defined mineral acidity. Great flavor depth of finely cut finger limes and textural richness of custard apple and fresh lemon curd. Massive palate length and persistence.

Production size: 1000 dozen

Points: 93 (Suckling)
